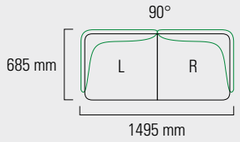
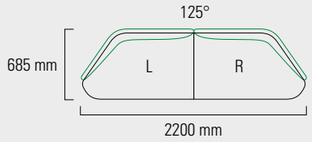
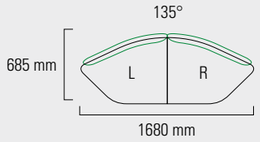
KONFIGURATIONEN I

Das modulare Prinzip von CALETTA lässt abwechslungsreiche Variationen zu. Diese Vielseitigkeit kommt unterschiedlichen Arbeitsstilen entgegen. So lässt sich jeder Bereich im Office variabel gestalten, von Lounge und Reception bis Social Space, vom Creative Corner bis zum Private Hub. Für mehr akustische und visuelle Abschirmung kann man CALETTA optional mit dem Raumzonierungssystem CASONI ergänzen.

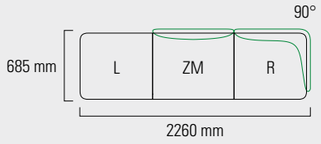
ZWEI MODULE

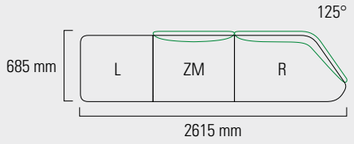


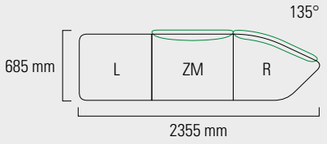


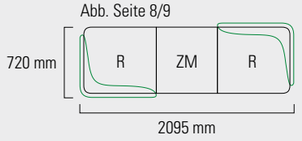


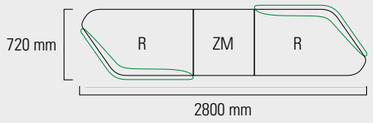
DREI MODULE

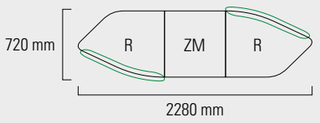


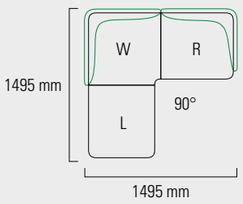


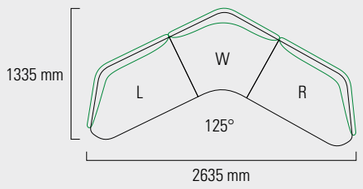


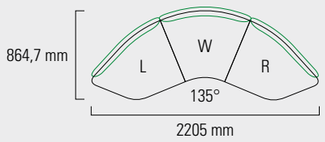




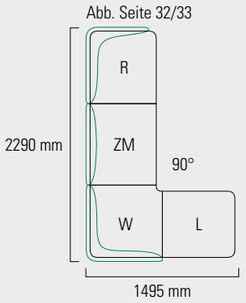


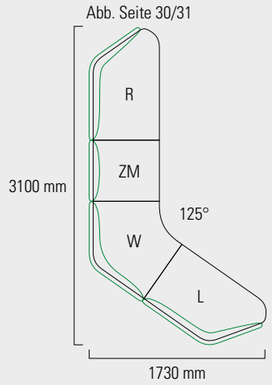


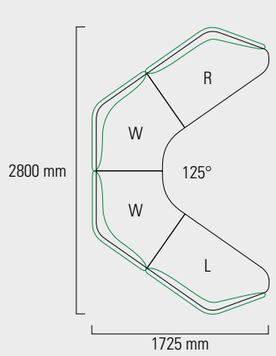


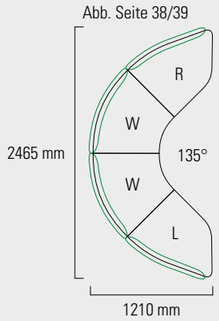


VIER MODULE

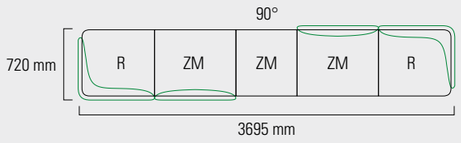


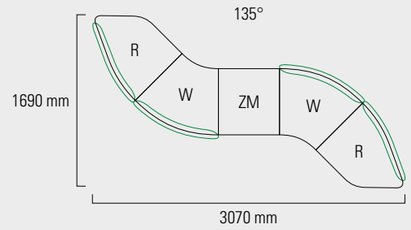


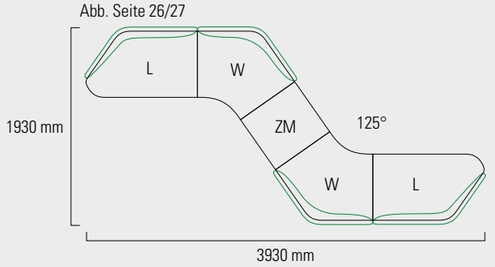


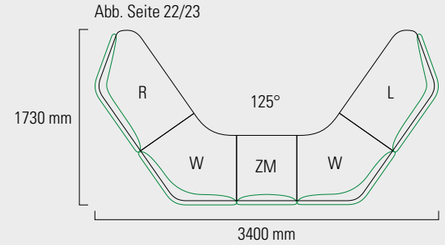


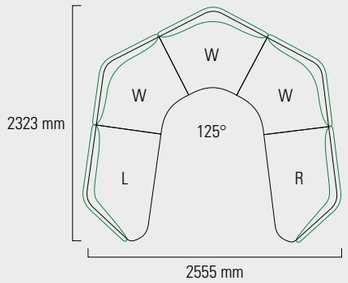
FÜNF MODULE

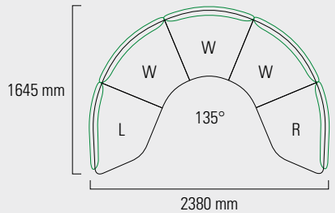


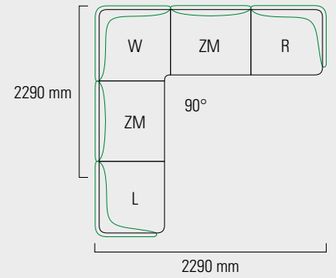




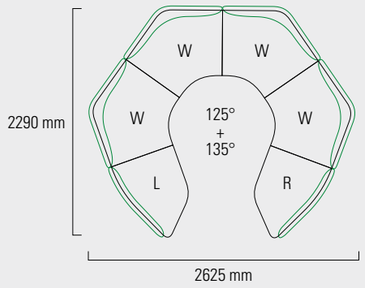


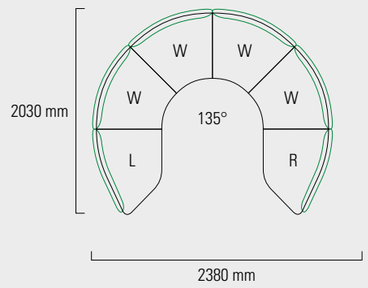


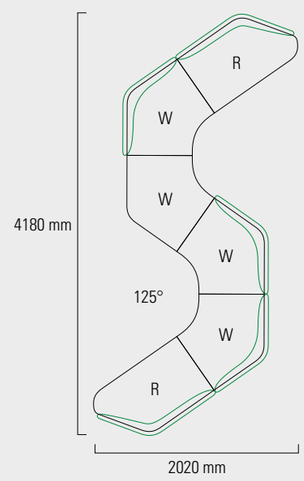




SECHS MODULE







Beliebige Konfigurationen mit mehr als sechs Modulen sind ebenfalls möglich.

KONFIGURATIONEN II

CALETTA bietet Aufstellungsmöglichkeiten für unterschiedliche Face-to-Face-Situationen. Die Elemente sind einander dabei immer dynamisch zugewandt. Die gewählten Winkel ergeben unterschiedliche Blickrichtungen. Mit CASONI Raumzonierungselementen können Raum-in-Raum-Aufstellungen geschaffen werden. Beginnend mit einer linearen Anordnung für vier Personen lassen sich die Konfigurationen beliebig erweitern.
